

Prajwol Singh Bista

Computer Engineer

I have recently completed my Bachelors and I'm currently working in an esteemed software company as a Frontend Department intern, with experience in **Python, React, HTML, CSS and MySQL**. My field of interest is UI and web designing and I want to utilize my earned skill in those particular sector. I am also quite fond of reading technology based articles.

EDUCATION

Bachelor of Computer Engineering

Advanced College of Engineering & Management

10/2017 - 04/2022

Kalanki, Kathmandu

+2 Science

Gems Institute Of Higher Education

05/2015 - 06/2017

Dhapakhel, Lalitpur

Courses

- Physics and Mathematics

WORK EXPERIENCE

Software Engineer Intern

Miamor

12/2022 - 03/2023

California, USA

An independent organization established with group of expertise in different fields of IT

Achievements/Task

- Utilization of Python programming language in company based application
- Implementation of AI related task in multimedia sources (images, videos etc.)

SKILLS

Data Structures and Algorithms

HTML, CSS

C, C++

Python

NumPy

Reactjs

MySQL

Git

PERSONAL PROJECTS

"Segmentation of brain tumors in MRI" using hybrid convolutional neural network (CNN) (2022)

- Published in SET journal, Nepal (Science, Engineering and Technology)
- Major Project.

"Food Ordering Management System" using PHP and CSS (2022)

"Garbage Detection" using real time object detection algorithm (YOLO) (2021)

- Minor Project.

"Simple Calculator Application" using concepts of Reactjs (2021)

"Tic-tac-toe game" using HTML, CSS and javascript (2022)
